Motion to Enforce State Court Order

Dear Judge

I Michael Jarrus respectfully submit this Motion to Enforce a State Court Order. I am the petitioner in this case and seek the enforcement of a state court order that has not been complied with.

On 04/10/2024, the State of Michigan, Judicial District, Judicial Circuit, Oakland County Probate Estates Division issued an order to remove me from the Lein system. Despite this order, I remain listed in the Lein System which has caused significant hardship. I have exhausted all State-level remedies, and the state authorities have confirmed that they have done everything within their power to comply with the order.

The state court's order is clear and unambiguous. Under 18 U.S.C. § 925(c), the federal court has the authority to enforce this order to ensure compliance. The continued listing in the LEIN system is a violation of my rights and has caused undue hardship.

In *Tyler v. Hillsdale County Sheriff's Department*, the Sixth Circuit Court of Appeals ruled that the federal prohibition on firearm possession for individuals who have been committed to a mental institution could be challenged on Second Amendment grounds. Similarly, in *Keyes v. Lynch*, the court found that individuals could petition for relief from the prohibition if they could demonstrate that they no longer posed a danger to themselves or others. The Red Flag Law in MI just recently introduced, does not take into account the expiration after one year of those reported prior to the Red Flag system.

*Relief Sought:**

I respectfully request that the federal court enforce the state court's order to remove me from the LEIN system immediately. I am not a danger to myself or others. It appears that I have been red flagged improperly. I have been incident free from police contact for more than 10 years. I also do not have mental issues. I am happily producing a commentary on current events, shown on

You-tube and Rumble. I am planning on finishing a degree at Wayne State University in Liberal Arts.

Remaining in the LEIN system and being Red Flagged has caused me not to be able to buy a handgun or rifle so I could be part of my family's sport hunting group. My mother has concurred and finds me to no longer have mental issues. I am under the care of Beaumont Hospital Neurology Department for Multiple Sclerosis for the past 5 years and continue to have treatments there. I am in good shape now and would like to share in my family's hunting outings for as long as I am able.

My Son, Michael Jarrus was born on June 2, 1986 and is 37 years old. He currently resides with me at my home. His father passed away when Michael was 9 years old in his presence of a massive heart attack. He graduated with a GED after 2 years of homeschooling. He started college and did very well academically. He has finished 3 years toward a bachelors degree. He was diagnosed with Muscular Sclerosis and diligently follows a physical activity plan, and supplemental nutrition, which is done under his Drs. supervision at Beaumont Hospital Royal Oak. His Dr is very impressed with his progress as we all are in his family.

Michael displays characteristics of a kind, empathetic and intelligent man. He is closest to his stepsister Andrea Jarrus and talks to her frequently each week to see how she is coping. She has had surgeries to her back and his calls help her as she is limited physically. He also helps me to visit my mother, his grandmother who is 93 and is in assisted care. He drives me to see her 2x a week on average and also visits and calls her. I was diagnosed with breast cancer, and he helps me enormously with cooking, cleaning, conversation and taking me to Dr appointments. He tries to also strengthen family relations on his father's side of the family. He goes to lunch or visits his Uncles and a cousin who is close to Michaels age. He has an appreciation for family.

My son is a warm, witty and determined man who is anxious to make a real life. His health is stable. He has his family on his side,

Sincerely,

Linda Jarrous

On Friday May 17th, the first time I felt like both DC Stanton and Karen Bonadeo impeded upon my ability to gain my 2nd amendment rights back as per the instructions given to me by the FBI and NICS. This occurred between 12 and 12:30 pm. It started with DC Stanton telling me I might as well stop applying for my gun permit because the city will never grant them to me. I told them I'm already receiving legal advice, and I do not need any fraudulent legal advice from a supervisor of a records dept. This is after I came in and showed them that Judge Hallmark in Probate court in Oakland county circuit ct. dismissed the LIEN against me. Both of them said they 'Don't care what the Judge said and I will never obtain a gun in this city, no matter what the court says'. First stated by DC Stanton and then again by Karen Bonadeo. I then asked for an FOIA and both discouraged me from filling it out as, "You will never get a gun permit in this city. I told them their opinions didn't matter to me, I just wanted a FOIA form. When I returned to give them the FOIA, I realized I needed an additional FOIA to get my STN and MTN numbers so I could appeal the decision from NICS. Again, Ms Bonadeo started harassing me by telling me there is no reason to fill out another FOIA. I repeated to her, "I can get legal advice from my brother-in-law who is an attorney. I don't need any faulty legal advice from somebody who is not a qualified attorney. On May 28th 2024, I returned to get my fingerprints taken as that was the next step in clearing my name through the FBI. Ms Bonadeo saw me and ran to the front desk to again state, it doesn't matter what I do, the city will not grant me my gun rights. I then asked to speak to the Chief of Police. He Said she was wrong and her information was wrong. On May 29th 2024 I went to pick up a decision on a FOIA I had previously submitted for the same matter. Ms Bonadeo again stated her incorrect opinion, harassing me.
